BUILT FOR

Bramblewick Paper Goods

Elsie Bramwell paints watercolor mushrooms and botanicals and sells them as printables. Every design in this listing is her own original painting: no PLR, no prompt packs, no one else's art.

★ Sample built for a fictional client.

TITLE AND TAGS

Written for the **search bar**, not for a poem.

TITLE · 126 OF 140 CHARACTERS

Mushroom Recipe Cards Printable, Hand Painted Watercolor Recipe Card Set of 12, Cottagecore Kitchen Gift, 4x6 and 5x7 Download

Leads with the phrase a buyer types ("mushroom recipe cards printable"), then the style, the count, the gift angle and both sizes.

HOW THEY'RE CHOSEN

Every tag is a phrase a real buyer would type, and none just repeat a single word from the title. Style, use, size and gift searches are all covered.

CHECKED BEFORE PUBLISHING

Character counts, no trademarked words, no third-party names, nothing that promises what the file doesn't include.

THE DESCRIPTION

Everything she'd ask, answered before she asks.

Twelve recipe cards, each with a hand-painted watercolor mushroom, ready to print at home tonight. Fill them with the recipes you actually cook, or print a stack for a bridal shower recipe swap.

WHAT YOU GET

- 12 recipe card designs, each a different mushroom painted by hand in watercolor
- Every design in two sizes: 4×6 and 5×7 inches
- A lined back for each size, so you can print double-sided
- 2 print-ready PDFs plus a ZIP of high-resolution JPG files

HOW IT WORKS

1. Buy and download the files from your Etsy purchases page
2. Print on heavy matte cardstock at home or at a print shop
3. Trim along the guides

This is a digital download. No physical item will be shipped.

PRINTING TIPS

- Matte cardstock (around 100 lb cover) shows the watercolor best
- Set your printer to Actual Size, not Fit to Page
- Print one test card first to check colours on your printer

GOOD TO KNOW

Every mushroom is my own original painting. The files are for personal use: print as many as you like for your own kitchen or as gifts. Please don't resell or share the files.

Because this is an instant digital download, it can't be returned. If a file won't open, message me and I'll sort it out.

FIRST TWO LINES

What shows in search previews: what it is, and the one use that sells it.

DIGITAL, SAID PLAINLY

"No physical item will be shipped" heads off the "where is my package?" message.

HER RIGHTS, PROTECTED

Personal use only, original art named as hers.

PRINTING HELP BUILT IN

Actual Size is spelled out, so the cards print at the size she paid for.

THE 8 MOCKUPS, IN LISTING ORDER

Eight images, **eight different jobs.**

Photo scenes are generated with blank cards, then Elsie's own artwork files are placed onto them, so every mockup shows her real designs. Two are designed graphics: what's included and the size guide.

**WHY THIS ORDER**

1 sells the feeling, 2 proves the quality, 3 and 4 show it in a real kitchen, 5 and 6 answer "what do I get" and "what size", 7 sells the gift, 8 shows how easy printing is.

THE MOCKUP PROMPTS

Every photo scene, **written in full.**

ET-1 · Mockup 1 (hero): cards fanned on a table

Real-world overhead photograph, square 1:1. Four blank white matte 4×6 cards fanned on a worn oak kitchen table next to a small pile of fresh brown cremini and pale oyster mushrooms, a sprig of thyme and a linen napkin. Cards sharp and fully in frame, faces flat to camera so artwork can be placed on them. Soft window light from the upper left, gentle real shadows. Mirrorless camera, 50mm lens at f/5.6, straight down. Photorealistic, true-to-life paper texture, a little soil on the table. No text, no artwork on the cards, no logos, no watermarks.

ET-2 · Mockup 2: close-up of paper texture

Real-world macro photograph, square 1:1. One blank white textured watercolor-paper card lying at a slight angle on cream linen, soft raking light across it to show the cotton paper grain, a single dried oak leaf touching the corner. Card face fills most of the frame so artwork can be placed on it. Soft side window light. Mirrorless camera, 90mm macro lens at f/4. Photorealistic, lifelike fibres and deckled edge. No text, no artwork on the card, no logos, no watermarks.

ET-3 · Mockup 3: recipe binder

Real-world photograph, square 1:1. An open sage green cloth recipe binder on a farmhouse kitchen counter, two blank white cards slotted into clear sleeves on the open pages, a wooden spoon and a small bowl of flour beside it. Soft daylight from a window behind, gentle shadows. Mirrorless camera, 35mm lens at f/4, three-quarter angle from above. Photorealistic, realistic plastic sleeve reflections kept subtle. No text, no artwork on the cards, no logos, no watermarks.

ET-4 · Mockup 4: card on a recipe stand

Real-world photograph, square 1:1. One blank white 5×7 card on a small wooden recipe stand on a kitchen counter, a pot simmering out of focus on the stove behind, a cutting board with sliced mushrooms in front. Card sharp and facing the camera so artwork can be placed on it. Warm late-afternoon window light. Mirrorless camera, 50mm lens at f/2.8, natural bokeh behind. Photorealistic, lived-in kitchen. No text, no artwork on the card, no logos, no watermarks.

ET-7 · Mockup 7: gift stack tied with twine

Real-world photograph, square 1:1. A stack of blank white cards tied with natural jute twine and a small sprig of dried lavender, resting on brown kraft paper beside a pair of scissors and a roll of twine. Top card faces the camera so artwork can be placed on it. Soft daylight, gentle shadows. Mirrorless camera, 50mm lens at f/4, slight angle from above. Photorealistic, real twine fibres and paper creases. No text, no artwork on the cards, no logos, no watermarks.

ET-8 · Mockup 8: printing at home

Real-world photograph, square 1:1. A compact home inkjet printer on a wooden desk with a freshly printed sheet of white cardstock resting in its output tray, the sheet facing up and flat enough that a printed layout can be placed on it, a paper trimmer and a mug of tea beside it. Soft daylight from a window to the side. Mirrorless camera, 35mm lens at f/4. Photorealistic, realistic plastic and paper surfaces, no brand names visible on the printer. No text, no logos, no watermarks.
