TEACH

### The poke test, finally explained 🙌

Springs back fast: give it more time.  
Springs back slowly and leaves a small dent: bake it.  
Doesn't spring back at all: it went a bit long.  
Bake it anyway and call it rustic 😊

That's the whole test.

DF Delia Fenwick · 7:30 PM

OFFER

### What we're baking in the Crumb Club 🍞

Crumb Club members get a new bake-along every Sunday, the full recipe archive and a monthly live Q&A with me.

If you're baking every week anyway, come bake with us.

| <b>7:00 AM</b>  | <b>Morning check-in</b>         | A light question that gets replies before work. No selling.             |
| <b>11:00 AM</b> | <b>Teach</b>                    | One useful baking lesson a day. Always teaching first.                  |

| <b>7:30 PM</b>  | <b>Community or offer</b>       | Community post, or the day's one offer. At most one selling post a day. |

### SPREAD RULES USED

At most one selling post a day. Never two selling posts back to back. The same offer never two days running, and never more than twice a week. Nothing repeats inside 14 days.

### DAILY AUTO-PUBLISH

Every post sits in her SkoolKit on its slot. Each morning the day's four are checked live after they publish.

Every link sits on the call-to-action words. No bare web addresses in the feed.

## Monday check-in 🍰

Good morning, bakers 🍰

What's rising in your kitchen this week?

Drop one word. Mine's "focaccia" 🌀

DF Delia Fenwick · 11:00 AM

TEACH

## The poke test, finally explained 🍷

Springs back fast: give it more time.

Springs back slowly and leaves a small dent: bake it.

Doesn't spring back at all: it went a bit long. Bake it anyway and call it rustic 😊

That's the whole test.

## Show me your crumb 📷

Post a photo of your last loaf, cut side up.

No judging. Flat loaves welcome. Some of my best lessons came from bread that looked like a frisbee 🥳

DF Delia Fenwick · 7:30 PM

OFFER

## Weekend Loaf Workshop: doors are open 🍞

If you've been winging it with sourdough, this is your weekend.

The Weekend Loaf Workshop takes you from starter to sliced loaf in two days, step by step.

TEACH

## Why your loaf spreads flat (it's usually one thing)

Nine times out of ten it's shaping, not your starter.

1. Pre-shape a loose round, rest 20 minutes
2. Final shape tight, like tucking in a blanket
3. Seam side up in the basket

Try it and report back 🍷

## Wins thread 🏆

Tell me one thing that went right in your kitchen this week.

A loaf, a cookie, a clean oven. It all counts 🍷

### Midweek starter check 🥣

How's your starter feeling today?

- 🔥 bubbly and wild
- 😴 sleepy
- 🧠 we don't talk about it

No shame in 🧠. We fix those here.

DF Delia Fenwick · 11:00 AM

TEACH

### Feed your starter on your schedule, not its

You don't have to feed it at 6 AM.

Keep it in the fridge between bakes. Pull it out the night before, feed it, and it's ready by morning.

Once a week in the fridge is plenty for most of us.

DF Delia Fenwick · 3:00 PM

### What's going in the oven this weekend? 🔥

Quick one: what are you baking this weekend?

I'll pick three and share tips in tomorrow's post 🗨️

DF Delia Fenwick · 11:00 AM

TEACH

### Steam without a Dutch oven

No Dutch oven? No problem.

Put a metal tray on the bottom rack while the oven heats. Slide the loaf in, pour a cup of hot water into the tray, shut the door fast.

Mitts on. Face back. Steam is hot 🔥

DF Delia Fenwick · 3:00 PM

WINS

### Tiny wins only ✨

Weighed instead of guessed? Remembered to feed the starter? Didn't open the oven early?

Tiny wins go here. They add up 💪

DF Delia Fenwick · 7:30 PM

TALK

### Your worst bake ever 😬

Let's be honest. Tell me about the loaf that went wrong.

Mine was a brick so dense the dog walked away from it. Your turn 📌

## Friday 4 POSTS · SCHEDULED

### Friday feels 🥳

It's Friday. What are you baking to celebrate?

Pizza night counts. Toast counts. Cookies definitely count 🍪

DF Delia Fenwick · 11:00 AM

TEACH

### Your weekend plan (from yesterday's thread)

You asked, here's the plan:

- 🍕 Pizza: make the dough tonight, bake tomorrow. It tastes better after a night in the fridge.
- 🥖 Baguettes: shape gently, bake hot.
- 🍪 Cookies: chill the dough 30 minutes. Worth it.

No baking pressure today.

What's one thing you want to try next week? Write it here so we can cheer you on 😊

DF Delia Fenwick · 11:00 AM

TEACH

**Store bread so it's still good on Wednesday**

Cut side down on a board for day one.  
After that, a bread bag or a clean tea towel.  
Not the fridge. It goes stale faster in there.

Freeze what you won't eat by day three. Toast it straight from frozen 🧊
