A shop-the-look post. On your site.

The Pink Ghost Coffee Bar

I wanted Halloween in the kitchen without anything that would scare the kids at breakfast. So: pink ghosts with a BOO sign, flameless candles printed with pumpkins and bats, pink and white jack-o-lanterns, a big messy drape of pink creepy gauze and a flock of paper bats up the wall. It went up in one evening, the box is still half unpacked, and I have zero regrets.
